

# GET CRACKING!

Leadlight Products (NZ) Ltd

April / May 2007

## Get into glass!

Well another term of classes is all but over and we are gearing up for the next lot starting on the 23rd of April. I have had a great response from the advertising in the Continuing Education but I know that word of mouth is the best way to get the word out there. If you have friends who have admired your work why not suggest they pop in and take a course, or better yet we have vouchers available for birthday gifts, why not gift them credit towards a class.

The pattern drawing class that we ran on the 28th of April was a huge success. We had ten ladies attend and they all loved spending the time gathering knowledge from Stephen. If you didn't make it to that one but think it is something you would like to do, please let me know so I can schedule another class soon.

We are considering subjects at the moment for new seminars or information evenings. So if there are particular products, or techniques that you are wanting to find out more about, again please let me know. Also indicate at the time if an evening or daytime seminar would suit better.

With our Palmy store being sold we have bought back to Hamilton lots of the display items from the store. It's a great time for you to come into the store and check out the mosaics, leadlights and copperfoil items that we now have displayed in our shop.

Check out the great photos on the next page from our term one classes. There was heaps of fun had by all and a variety of projects on the go during the five weeks.

Lastly have you ever thought about having a go at a different medium? I love the fact that I have the choice when I find a pattern I like to decide what medium I want to complete it in, copperfoil, leadlight or mosaics. They all have their own unique style and purpose. They say knowledge is power so why not gain more power by learning to do something different!

Catch you soon

Julie

## What are we missing???

Contact us if there is a product that you want but we don't have! We want to supply you with the best range, but we need to know what you want!

Email: [info@leadlight.co.nz](mailto:info@leadlight.co.nz),

Phone: 07 8479213 or Fax: 07 8467020

## End of Saturday Trading.

As of the 26th of May 2007 we will no longer be open on a Saturday morning. You are still able to purchase products via internet and over the phone and of course we are open from 8am until 5pm Monday to Friday.

## Visit online and win!

If you haven't yet checked out our on line store now is the time to do so. Every month we have a prize draw for those people who register their details. This doesn't mean you have to buy anything, just go in and check out the amazing art from students and the manufacturing department, along with the fantastic specials, register to get our newsletter and any reminders about upcoming classes or specials and you are in the draw! This is a great opportunity to get something for free!! Check it out now [www.leadlight.co.nz](http://www.leadlight.co.nz).

## Student of the Month

Alicia Keenan was a first time class taker this term, though she had learned copperfoiling before. Alicia managed to do startup leadlighting and a 3d copperfoil class in one term...two nights a week, and achieved the great accomplishment of completing both projects all while commuting from her new job in the last few weeks from Matamata. That's commitment! Well done Alicia on some great work while under pressure.

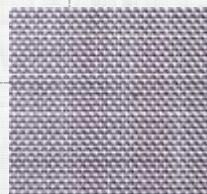

## Fantastic Clears on Sale!!

Leadlight products have some fantastic clears in their range. April and

May see some of these on sale.

**20% off Cube, Thin Reeded, Quarter Reeded, Narrow Reeded and Glue Chip.** These are fantastic tex-

Term 1 Student photos

Thursday nights Keep-On and Mosaic class had a real mixture of mediums going on. Mosaics of course, glass whirls and lampshades.

**Studio gift for April and May!**

Get spending! April and Mays gift is two flux/patina brushes, a lathkin, a wire brush, two 42mm and, two 64mm suction cups and ten hanging rings. Great time to stock up!!

**Manufacturing!**

Amber has been a busy beaver in the last couple of months completing some fantastic native and floral panels as well as her usual mixture of repairs. Here are just a couple of panels commissioned to clients houses. Be inspired!

**Hot Specials Online!**

There are some great specials on line at the moment, including three fantastic mosaicing books all with 20% off. These books are Mosaic Stepping Stones for Beginners, Stained Glass Mosaics and Mosaic Table Art.

It's only on line so go to [www.leadlight.co.nz](http://www.leadlight.co.nz) and place your order today.

All specials in this flyer are subject to availability and cannot be used in conjunction with any other special.

**Safety Tip**

Be aware that even when emptying your rubbish bins shards of glass and glass dust can do damage to your eyes and lungs. It's a good idea to wear safety glasses whenever dealing with glass, be it with a cutter, a grinder or throwing glass in the bin.

Face masks are also a great safety precaution when dealing with glass dust or when cementing with whitening powder. These little tips can make our glass work safe as well as enjoyable.

Term 2 Beginner and Advanced Classes Starting 23rd April and 28th of May in Hamilton. It's a great time of the year to learn something new or refresh those old skills. Call 07 8479213 or check out the website for course timetables.
